EXPLORING WESTBURY

Did you know that you can walk along the bayous in Westbury? Did you know there are many miles of trails at the Willow Waterhole? Westbury has great greenspaces perfect for walking. We are starting a new series of different places to walk in Westbury that aren't just the sidewalks and streets!

First up is the Hummingbird drainage ditch/bayou. This bayou runs from Braewick, next to the Banbury Dance Studio, all the way to the Willow Waterhole. Once you are on the easement along the bayou, you can see that the trail is well maintained. Thank you to WAIC volunteer, Al Potvin, for all his hard work clearing and mowing. Many residents walk their dogs along this route, but please keep your dogs leashed. At Mullins, there is a great turtle viewing area, which is always fun to see. Once you make your way across Atwell, you will find a swing and bench perfect for a nice break to enjoy your surroundings (Pictured on right). You can keep traveling down the bayou all the way to Chimney Rock. If you are feeling extra adventurous, you can make your way across the intersection of W. Belfort and continue down the easement. The bayou is now a covered culvert heading straight to the Willow Waterhole basins, which is a great place to see birds of all species.

WESTBURY IS A DEED RESTRICTED COMMUNITY. DEED RESTRICTIONS ARE ACTIVELY ENFORCED.

A Message from the Westbury Civic Club President

December, January, and February were tough months for the WCC and for me personally. I am pleased to now say that both the WCC and I are recovering from our challenges and are making significant strides in getting to where we want and need to be. Personally, I have been battling major health challenges since October. But, the worst is now behind me and my health improves every day.

For the WCC, operationally we are not where we had hoped we would be by this time of the year, but we have a plan in place to get there and continue to work hard to achieve that plan. As mentioned several times in the *Crier*, the WCC has been looking at converting to a different database management system. At the end of 2022, we decided to go ahead and make the big switchover to this new property database management system for 2023. This new system will provide better and more efficient payment options as well as better ways to communicate to our residents. The goal is to provide solid solutions to our needs that will provide much improved services for our residents. We knew that converting to an entirely new database system would have difficulties and unanticipated problems, however, there have been quite a bit more than we anticipated that has delayed the switchover both to the new property database management system and to the new WCC website on our new host. Our current website can no longer be updated and is no longer supported. We expect the new website to be launched very soon!

As our Parkwest 1 and 2 homeowners are aware, the invoices for your mandatory assessments were delayed yet again. The letters will be going out very soon, if you haven't already received one by now. I am thrilled that the mandatory assessment invoices are being mailed this year directly

by our new database management provider, and in future years can be sent by email. Rollout to the new system for our homeowners with voluntary dues will be slower, but you can continue to pay dues using the website in the interim. More information will be coming in the upcoming issues of the *Crier*.

Another big challenge in the beginning of 2023 was the *Westbury Crier*. It is reassuring to know how many people love our monthly newsletter. By now, you realize that we opted to do a combined January/February newsletter albeit delivered very late. I regret to say that hard decisions are required for the future of our print newsletter. The price to print the *Crier* DOUBLED for 2023. Although we would not have been surprised by a modest increase, we were shocked and disappointed when the price doubled without any advance warning to us. We are researching other print options. In the interim, during the February WCC board meeting, we agreed that we would print and deliver a March newsletter and then decide what to do. We are considering going entirely digital in our future communications. Fortunately, our new database management system includes a communication package to send emails to our residents, after you register and provide your contact information.

Now let's talk about the good news for Westbury! The Westbury Community Garden is celebrating its 13th anniversary in March and is hosting a fundraising breakfast (see page 19). The pier at Willow Waterhole has been completed at Westbury Lake and more trails will be constructed soon (see page 16). Both the Willow Waterhole and the Westbury Community Garden are located conveniently close to our Westbury homes!

The City has been working on some street improvements in Westbury, and will soon be working on a local drainage project near Mullins at Willowbend; that construction project has already been underway on the north side of Willowbend and will then move to the area south of Willowbend. Have you taken a sneak peek yet of the new city library being built in Westbury? It is going to be an amazing asset for our community. Westbury High School is getting a soccer field and its Fine Arts magnet program has been approved by HISD to offer an Orchestra program next year. HISD has also provided funds to purchase orchestra instruments for WHS. The WCC will be hosting a Keep Houston Beautiful / Keep Westbury Beautiful workday event in April at Westbury Park. If you are in a section of Westbury that has been involved in efforts to update their deed restrictions, be watching for future meeting notices and make sure to register and sign up for email communications from the WCC via our new property management system.

March is a fantastic month for getting outdoors. I encourage you to take advantage of the moderate spring weather to explore Westbury. If you haven't been to Willow Waterhole in a while, you may be surprised that more amenities have been added and continue to be added. If you like gardening or plants, explore the grounds of the Westbury Community Garden. I encourage you to take a stroll along our streets and trails. My husband and I carry binoculars and a camera during our strolls because you never know what interesting wildlife you might happen to see here in Westbury. Did you know that millions of birds migrate through the Houston area during the spring and fall?

Map of Westbury by Section

Westbury is the 2nd largest neighborhood in the City of Houston with 5,000 homes. One reason Westbury has remained such a viable and desirable neighborhood is because of the very active Westbury Civic Club. The WCC has been advocating and working hard for the neighborhood for over 60 years. We often refer to different sections when talking about current or upcoming city projects, crime, or events. This handy map can also be found on our website, www.westburycrier.com.

“This is a story about four people named Everybody, Somebody, Anybody, and Nobody. There was an important job to be done and Everybody was asked to do it. Everybody was sure Somebody would do it. Anybody could have done it, but Nobody did it. Somebody got angry about that, because it was Everybody’s job. Everybody thought Anybody could do it but Nobody realized that Everybody wouldn’t do it. It ended up that Everybody blamed Somebody when Nobody did what Anybody could have done.”

New Website Coming Soon!

*****March 1 Update**—We are still working through some technical challenges with our vendor. We are moving forward with the Mandatory statements and those should be in the mail by the time you receive this newsletter. The mandatory homes are entered into our new database and website. We are currently working on adding all the voluntary sections. We are updating it section by section, as we are auditing each street to ensure we have the most up to date information. The rollout for the voluntary homes will be coming soon. Look for an update in the April Crier.

Part of the new PayHOA database is a new website. Board members are currently working on updating the new site with all of our documents and it should be active soon! We are unable to update our current site which is why the Jan/Feb Crier is not posted.

As the second largest neighborhood within the City of Houston, one might imagine that keeping up with communications, dues collection and other administrative tasks might be difficult. We are excited about this new program, PAYHOA. The software is fairly straightforward and it offers crucial benefits that will help the WCC run more efficiently and effectively.

The new software will provide a simpler way for you to pay your dues or check your account balance. It also has features that will allow us to communicate more easily with the neighborhood - from communicating with residents, sending important notices, to setting our budget and managing our finances, PAYHOA will be a helpful new addition to Westbury.

What can you expect? An easier way to pay your dues as well as centralized correspondence from the Civic Club to you. It will give you access to your account and digital dues payments through a unique homeowner portal.

Keep Westbury Beautiful Day

For the 12th consecutive year, District K and Westbury are partnering with Keep Houston Beautiful to clean up and beautify our Westbury neighborhood at the annual "Keep Westbury Beautiful Day". This is a great way to meet neighbors, introduce your kids to volunteer work, enjoy the great outdoors during the best time of the year in Houston, and help improve our Westbury community.

WHEN

Saturday, April 1, 9AM to Noon, Rain or Shine

WHO

Everyone is welcome!

WHERE

**Westbury Park
5630 Stillbrooke
next to Parker Elementary**

Our main focus this year will again be the butterfly garden at Westbury Park. We created this garden 8 years ago and it was thriving until the last two freezes. We have replanted most of the plants, but the butterfly garden still needs much TLC; we will be weeding, mulching, and planting new butterfly plants. The other beds around the park also need some weeding and mulching.

In addition to the butterfly garden, we will also be hosting a Westbury-wide trash pickup for anyone who would like to go collect trash. Have you noticed litter or bandit signs on our esplanades, corners, sidewalks, bus stops, and parks? Do you drive by a mess and think to yourself, "I wish someone would clean that up?" Now is your chance to help make Westbury shine. Sign in at Westbury Park, collect your trash bag and grabbers, and then head out anywhere in Westbury to collect trash or bandit signs. After cleaning up, bring your bags of trash and bandit signs back to Westbury Park at noon and enjoy a pizza lunch.

Ways You Can Help Keep Westbury Beautiful

There are many ways in which you can help keep Westbury beautiful. If we all pitch in and do our part, together we can Keep Westbury Clean and Beautiful.

- ➔ **Picking up trash in our parks or on our esplanades.** Westbury has 7 miles of esplanades, 3 City parks (Chimney Rock Park, Hager Park, and Westbury Park) and the Willow Waterhole.
- ➔ **Start with your own yard!** Improve the aesthetic appearance of your front yard by changing its contours, adding ornamental features, or planting trees and shrubs. Landscape gardening increases the value of your property.
- ➔ **Plant a tree!** Planting trees can have tremendous influences on communities. It improves our environment, can enhance our quality of life, and improve our health. Plant on your property or join us for a tree planting event.
- ➔ **Curb and gutter cleaning.** Sweep in front of your home. Get your neighbors together & clean the whole street. Clear your storm drains.
- ➔ **Collect litter around bus stops.**
- ➔ **Place your trash on the curb on the correct day.**

Congratulations to CM Martha Castex-Tatum New Member of National Transportation Committee

Our very own District K councilmember, Martha Castex-Tatum, Vice Mayor Pro Tem, has been appointed to serve on a National Committee for Transportation and Infrastructure Issues for the National League of Cities (NLC). Congratulations!

The press release from the NLC noted that, "As a member of NLC's Transportation and Infrastructure Services Committee, Vice Mayor Pro Tem Martha Castex-Tatum will play a key role in shaping NLC's policy positions and advocate on behalf of America's cities, towns and villages before members of Congress, with the President's administration, and at home".

NLC President, Mayor Victoria Woodards of Tacoma, Washington, said, "I am excited to have Vice Mayor Pro Tem Castex-Tatum, a respected leader among leaders, serve on the Transportation and Infrastructure Services Committee and look forward to working with her to ensure every city, town and village in this nation has the resources they need to thrive."

2022 Distinguished Local Legislator of the Year

The Greater Houston Women's Chamber of Commerce recognized District K City Councilmember, Martha Castex-Tatum, as the 2022 Distinguished Local Legislator of the Year. CM Castex-Tatum was presented the award during their 2023 Annual Volunteer Awards Meeting & Board Induction Ceremony.

Women are the largest economic force in America and the Greater Houston Women's Chamber of Commerce's program of work continues to advance and empower Houston women through a number of avenues.

CM Castex-Tatum wrote, "Public service can be challenging "heart" work but moments like this continue to fuel my passion to serve and restore people's faith in government."

City Considering Ordinance to Create Conservation Districts

The City of Houston is considering a draft ordinance to allow Conservation Districts to be created. "A Conservation District may establish a set of area specific design requirements intended to serve the public interest in preserving and protecting neighborhoods with architectural or cultural importance. Conservation Districts require agreement by the majority of property owners in the neighborhood."

This topic was discussed during the February Westbury Civic Club meeting. Some neighborhoods that are rapidly gentrifying, especially in historically minority communities, have asked the city for a more flexible tool to help preserve their neighborhoods. The first draft issued by the City authorized the City Planning Department to decide which areas to seek protection under the proposed ordinance. The second draft has been improved by requiring that the request be initiated by a community, instead of by the City Planning Dept.

The City has been using an aggressive timetable to implement an ordinance on this topic. During the February Westbury Civic Club meeting, the board authorized WCC President Cindy Chapman to write an email expressing concerns about the low amount of public engagement provided by the city thus far on this important property rights topic. Since Westbury itself is a neighborhood older than 50 years old, we understand and are supportive that some neighborhoods are desperately seeking better tools to protect their communities. WCC President Chapman has carefully reviewed the draft ordinance and has submitted comments and ideas to improve the ordinance.

TIRZ 20 Annexation into Westbury Area

Recently, the City of Houston voted to allow TIRZ #20 to annex new areas, including some properties here in the Westbury Super Neighborhood. The name of TIRZ #20 is the Southwest Houston Redevelopment Authority.

It is very important to note that this annexation does NOT affect any Westbury single-family homes in any manner at all. Only specific commercial properties or properties involved in drainage or detention are affected by the annexation. This annexation has the potential to be of immense benefit to the Westbury area in the future.

To give some background, all of the Westbury Super Neighborhood has been included within the boundaries of the Brays Oaks Management District (BOMD) since 2013. BOMD is funded solely by annual assessments on commercial properties, not on residential homes. A challenge for BOMD has been that it has lacked access to the funding needed for major capital projects that is available to a TIRZ. A TIRZ is only allowed to spend its funds on major capital projects. Parts of BOMD have already been part of TIRZ 20, and the recent expansion of TIRZ 20 allows more properties in BOMD to be added to TIRZ 20, including the properties located in Westbury. See map.

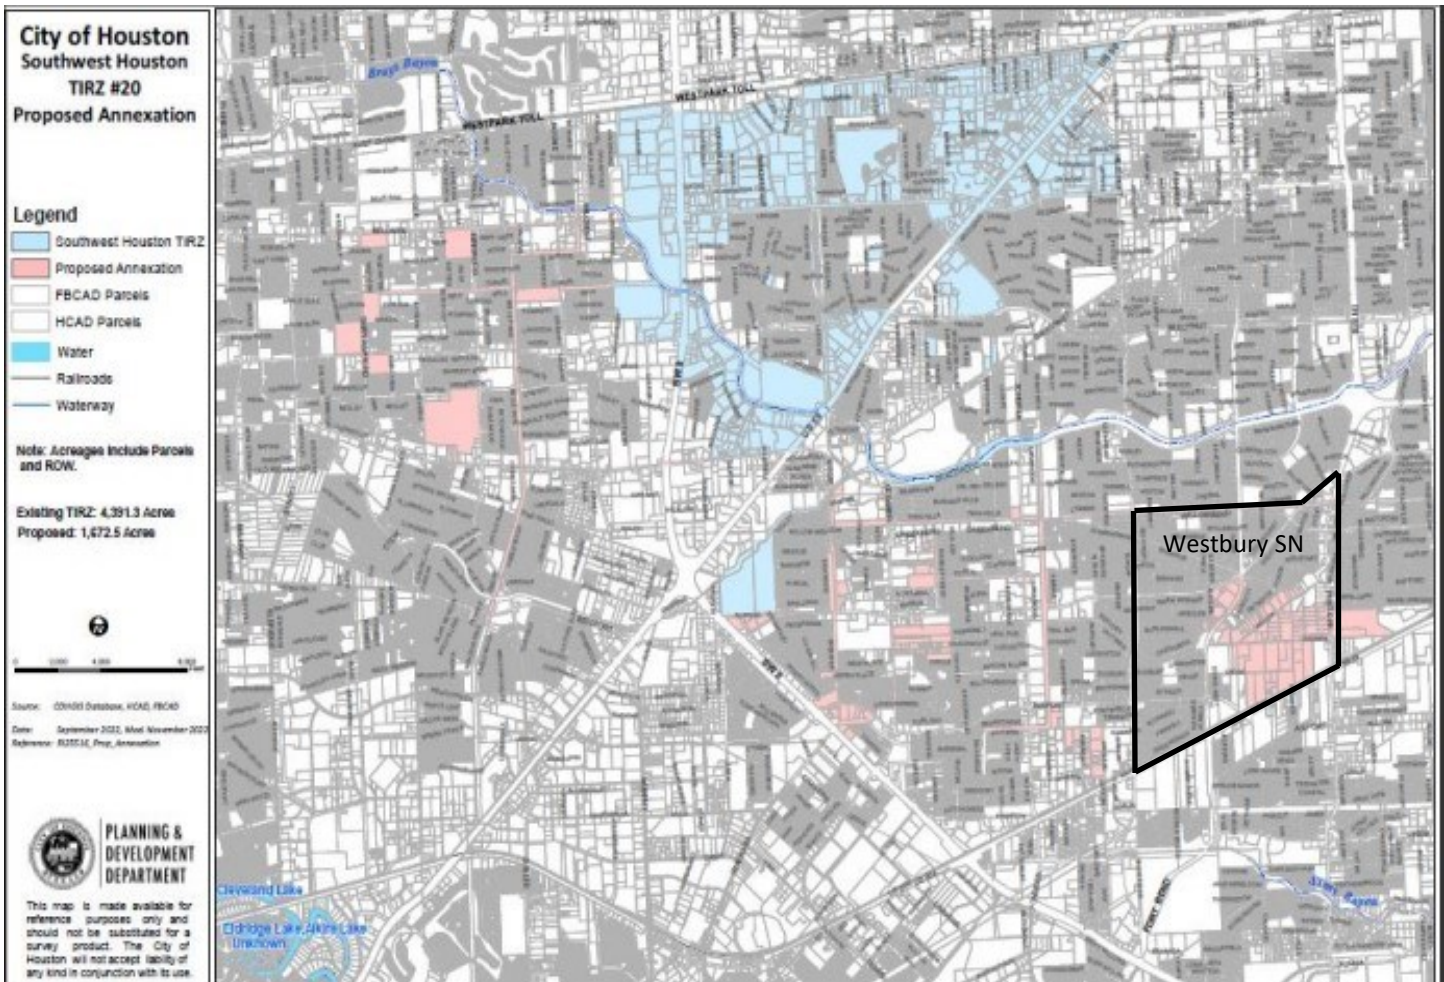

The City of Houston defines a TIRZ as: "Tax Increment Reinvestment Zones (TIRZs) are special zones created by City Council to attract new investment in an area. These zones help finance costs of redevelopment and promote growth in areas that would otherwise not attract sufficient market development in a timely manner. Taxes attributable to new improvements (tax increments) are set-aside in a fund to finance public improvements within the boundaries of the zone."

Basically, when a TIRZ is established (or new areas annexed), the tax base is frozen for the property taxes sent to the city. As property values increase, the increment (increase) in taxable income goes to the TIRZ and is then reinvested in capital projects within the boundaries of that TIRZ. The city reviews and approves the TIRZ budgets and major capital projects planned.

Houston City Council created TIRZ #20 in 1999, which is the base year for ad valorem tax increments. The zone encompasses over 40% of the land area of the Southwest District (formerly known as the Greater Sharpstown District), plus portions of the International District and Westchase District west of Beltway 8.

During the January 31, 2023, City Council meeting, Council approved an ordinance for the operating budget for the Southwest Houston Redevelopment Authority and the Capital Improvement Plan (CIP) for the Tax Reinvestment Zone (TIRZ) 20, in Districts K, J, and F. The total 2023 Operating Budget is \$28,826,261. (By comparison, the 2023 operating income for the Brays Oaks Management District is about \$1,500,000).

Stated Purpose of the Annexation – Annex ROW (*Right of Way along public drainage easements*), parks, Willow Waterhole, and additional area in need of economic development, detention.

Westbury Area Improvement Corporation (WAIC) Westbury#37 Super Neighborhood

The Westbury Area Improvement Corporation (WAIC) is a non-profit entity that along with the Westbury Civic Club makes the Westbury SuperNeighborhood, which is a City recognized entity. The WAIC meeting is the 3rd Wednesday of each month and is also the Westbury #37 SuperNeighborhood Meeting.

NEXT MEETING
Wednesday, March 15, 9:30AM
Online due to Spring Break

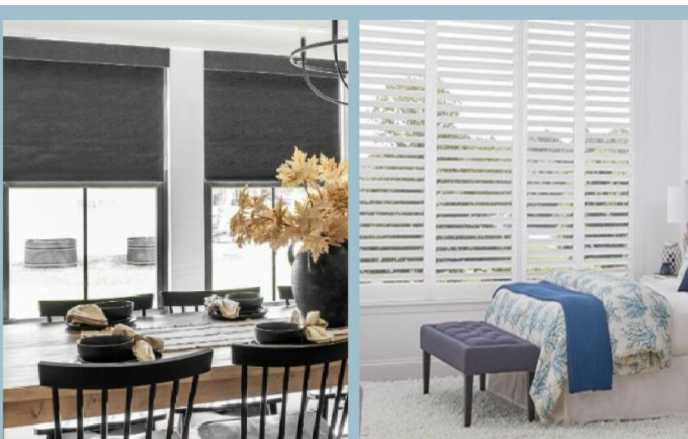

The guest speakers for the February 2023 meeting were Commander Christopher Hassig and Sergeant Mike Ortiz from the Houston Police Department. Commander Hassig discussed the high levels of crime happening at the Heights at Post Oak Apartments at 12500/12600 Dunlap and a recent murder there. More details on this conservation can be found on page 12.

Approved Motions at the WAIC February 2023 Meeting—

- ◆ March meeting - change to an online meeting due to Spring Break since WHS meeting location is not available.
- ◆ Support the upcoming 13th Anniversary celebration and breakfast fundraiser of the Westbury Community Garden on March 25 by purchasing a table of 8 to invite guests to the event (cost of \$750 for 8 seats).
- ◆ Email City with concerns about lack of public engagement regarding the proposed new city Conservation District ordinance (the WCC made the same motion so it is a SuperNeighborhood motion as well)
- ◆ Add local business owner Brooke Thompson as a business representative to the WAIC board.
- ◆ Donate \$500 to the February 20 Westbury High School golf tournament fundraiser.
- ◆ Authorized the Treasurer to investigate higher interest rate options (CDs) and to implement as discussed.

Announcements Around the Table—

- ◆ TIRZ 20 has expanded into the Westbury area, including Westbury Square area and the area around Willow Waterhole.
- ◆ HPD will be giving out 6,000 gun safes for vehicles to reduce theft of guns from vehicles.
- ◆ Concerns about traffic at WHS and issues with the cross walks.
- ◆ The Houston Food Bank is distributing food at WHS several times each month.
- ◆ HISD has provided \$130,000 to WHS to purchase instruments for its new orchestra program.
- ◆ Meyerland Middle School PTO is advocating for bond funds for the school and wants to talk with the Friends of WHS non-profit with intent to create a similar support organization for Meyerland MS.
- ◆ WHS thanked the Westbury Civic Club for the hygiene items donated to WHS by Westbury residents.

SUPPORT THE WESTBURY AREA PATROL TODAY

The largest expense of the Westbury Civic Club is our contract with Harris County Precinct 5 Constables to patrol our neighborhood. We have had a contract with Precinct 5 Constables since the early 1980s.

Precinct 5 patrol is very effective as deputies are assigned to specific neighborhoods and spend the vast majority of their time patrolling in and around them. This obviously makes the deputies familiar with the "norms," allowing them to more easily spot activity deviating from that. It also increases visibility and reduces response times to an unrivaled average of 3.5 minutes.

The effectiveness and advantages of community oriented policing can't be overstated, but its strength comes in the contracted patrol program.

Traditionally, law enforcement has been responsible for patrolling large areas within a municipality or county. This forces them to stretch officers out and prioritize calls that, in some cases, cause extremely delayed response times. With the contract patrol program, a Precinct 5 deputy is assigned to the neighborhood or district for which they were contracted. Through highly visible patrols they are able to deter crime, respond faster when a crime does occur, and focus more time and effort on investigating each crime to its conclusion.

Residents who live within a Precinct 5 Contracted Patrol area may request a Vacation Watch or Special Watch (see box to the right). This alerts deputies to special circumstances or lets them know when you will be out of town so they can keep an extra watch.

On the other side of the coin are the district patrol units. Assigned to much larger geographical areas of the precinct, the patrol patterns of these deputies follow a more traditional path. Deploying units in this manner allows for maximum coverage while limiting response times to calls. These district units focus in areas that are being hit hardest by criminal activity, whether that is supplementing patrols in contracted districts, or focusing their attention in other hard hit areas.

At the forefront of the department's district units is the Strategic Response Unit. The Strategic Response Unit is not only one of the newest division at Precinct 5, but it brings a tactical asset to the department that adds an increased level of service to the public. Comprised of highly trained deputies, the SRU is tasked with quickly and effectively dealing with criminal activity, as well as growing crime trends throughout Precinct 5.

As part of its mission, the SRU is tasked with traffic enforcement, fugitive apprehension, and direct tactical responses when the situation calls for it. When additional law enforcement assets are needed to address specific issues, the SRU is then brought in. In these cases, the unit works closely with other Precinct 5 divisions to bring resolution to the situation. These could include any of the unit's primary responsibilities, battling increased criminal activity in an area, or assisting in whatever capacity is necessary to effectively accomplish the goal.

The versatility of the Strategic Response Unit enables Precinct 5 to enhance literally every aspect of law enforcement.

HPD Provides Crime Updates

The guest speakers for the February 2023 Westbury Area Improvement Meeting were Commander Christopher Hassig and Sergeant Mike Ortiz from the Houston Police Department. WAIC President, Becky Edmondson, asked Commander Hassig to discuss the high levels of crime happening at the Heights at Post Oak Apartments at 12500/12600 Dunlap and a recent murder there.

All the recent crimes at local convenience stores have been linked to that apartment complex. This has been an ongoing problem for several years. The City is starting legal proceedings to force the apartment owners to take actions to reduce crime. HPD Chief Troy Finner is aware of the problems at that apartment complex.

There was discussion at the WAIC meeting that the boundary line between the Southwest HPD station and the S. Gessner HPD station is along Hillcroft. The result is that part of Westbury so it can be a tricky area. However, both HPD stations are aware of the issues and are in communication with each other. The Westbury Community Garden and the Valero Gas Station on Hillcroft are having problems with ongoing fence damage related to the apartment complex.

There was also discussion about ongoing problems with some commercial properties along Hillcroft, including an illegal game room that was raided by HPD. Commander Hassig recommended to keep reporting crimes and observed suspicious activities.

VACATION WATCH

Are you going on vacation over Spring Break? If you pay your Westbury Area Patrol dues, make sure you request a vacation watch by the Constables.

Vacation Watch is a great service that is included in our contract. A deputy will check out your property at least once a day to make sure it is secured and no suspicious activity.

You can register for a vacation watch online at <https://constablepct5.com> or call 281-463-6666

FREE Lunchtime Concerts at St. Paul's Methodist

St. Paul's United Methodist Church, next-door to the Museum of Fine Arts Houston, is presenting a series of special free concerts, Thursday lunchtimes during March, featuring some of the very finest musicians from Houston and the United States. The concerts, known as **St. Paul's Lenten Recitals**, are free because the cost is entirely underwritten by the **St. Paul's Chamber Music Society** as a gift to Houston community. Each concert will last approximately 45 minutes.

St. Paul's United Methodist Church, 5501 Main Street, Houston, TX **Thursday, March 9, at 12.15pm — Two Organs, Two Organists**

St. Paul's United Methodist Church's two resident organists, Christopher Betts and Joel Trezell, play a program of music on not just one, but two pipe organs, one large and one small. The music will include grand organ solos, music originally written for musical clock, and George Frideric Handel's charming "Cuckoo and Nightingale" concerto.

Thursday, March 16, 2023, at 12.15pm — Jeremy Garcia, classical guitar

Houston classical guitarist, Jeremy Garcia, is active in promoting Spanish and Flamenco music, is Associate Artistic Director of the Houston Classical Guitar Festival and Competition, and has performed all over the United States. He will present a concert of classical and flamenco music for classical guitar, with bulerias, alegrias, and tangos by Isaac Albeniz, Francisco Escudero, Francisco Tarrega and a selection of his own compositions.

Thursday, March 23, 2023, at 12.15pm — Romantic music for Piano Trio

Jacqueline Audas, Katherine Audas, Kyung-A Yoo play music for violin, cello and piano, featuring Felix Mendelssohn's Trio in D minor with works by Amy Beach and Giya Kancheli. Jacqueline and Katherine Audas are graduates of Rice University's prestigious Shepherd School of Music. Jacqueline Audas is the founder of Classical C.A.R.M.A. (Concerts Aiming to Raise Money and Awareness), supporting non-profit organizations of Texas.

Thursday, March 30, 2023, at 12.15pm — Katie Angielczyk, French Horn

A talented student in the Moores School of Music at University of Houston's prestigious Master's program, Katie Angielczyk will play solo music for French horn, including Ludwig van Beethoven's Sonata in F major, Op. 17, and Robert Schumann's Fantasy Pieces. She is joined by international prize-winning pianist, Yan Shen.

Additions/New Homes Do you know your Deed Restrictions?

Did you know that the Westbury Civic Club can look over your proposed plans for free before you start construction?

We want to avoid deed restriction violations before they happen. Did you know that Westbury 2, Westbury 3, and Westbury 5 have a 25-foot rear setback for the main structure? Did you know that there is a minimum percentage of brick that must be on your home? Did you know that you can't build in front of your building line?

We want to help you!

We want you to find out about possible violations before it costs you money and time. Several homeowners in the past couple years have had to tear down and/or modify their construction due to deed restriction violations. **The City of Houston does not review deed restrictions when issuing permits.**

They require a signed affidavit acknowledging that the plans comply with your deed restrictions. This holds YOU, the homeowner, accountable for knowing and complying with your deed restrictions. We are here to help you. Email the Westbury Civic Club Office at westburycc@sbcglobal.net. All deed restrictions are available online at www.westburycrier.com.

Willow Waterhole Pier Update

The pier at the Willow Waterhole in the Westbury Lake is complete! This pier is an exciting addition to the Willow Waterhole. The pier is sturdy and well built. It offers a great view of the wetlands and birds in that part of the lake.

The pier has a railing around the edges, however, be aware that the left corner is a gate that opens to allow for launching of kayaks. Be mindful with your small children.

Thanks to lead donors - the Kinder Foundation, Russell and Janie Schexnayder, the Harris County Precinct One Commissioner's Office, and all the individuals and organizations who contributed to making this happen. This is a very exciting addition to the Willow Waterhole.

Orchestra is Coming to Westbury HS in 2023-2024 School Year

Exciting news! Westbury HS Fine Arts Magnet now has Orchestra as a choice. This is huge for our neighborhood schools as it fulfills the chain. Parker Elementary School, Meyerland Middle School, and now Westbury High School will all have an Orchestra program. Orchestra auditions start in March.

It was announced at the February WAIC meeting that HISD has provided \$130,000 to WHS to purchase instruments for its new orchestra program. We look forward to hearing the WHS Orchestra next year!

Support our local Westbury schools! We are excited to have this new page in the *Crier* dedicated to our local HISD schools and the programs they offer. Stay tuned to future *Criers* for how you help or get involved. If you have any school announcements, please let us know by emailing the WCC office at westburycc@sbcglobal.net.

Westbury Community Garden Celebrating 13 Years

It's hard to believe that the Westbury Community Garden (WCG) will celebrate its 13th anniversary in 2023. What started as an idea to help build community and garden has grown into a 7-acre jewel. The garden now has 62 raised beds with 75 gardeners. There are two acres of land being farmed by Congolese refugees through the Plant it Forward farms program. There is an apiary with 5 hives as the garden tries to support the endangered honeybee population. There is an orchard, albeit struggling after the last two cold winters. There is even an acre of native prairie grasses that bloom throughout the seasons.

There are many people to thank for that initial financial support: Keep Houston Beautiful, Scotts Miracle Gro, Leadership Houston Class XXIX, Lloyds Register and many individuals. When the garden land was threatened, residents across Westbury donated money to save the garden and thanks to CM Larry Green, Mayor Annise Parker and the Brays Oaks Management District, the garden was saved through a land swap.

The WCG falls under the umbrella of the non-profit Westbury Area Improvement Corporation. Each year the WCG hosts a fundraiser to help with the operational costs. The gardeners pay \$84 a year, which covers the costs of water and the porta potty and trash service. But as you can imagine there are many costs associated with the upkeep of an active 7-acre property. This year we are hosting the Founders Breakfast in the Garden (see box to the right). There will be a catered breakfast, gardening giveaways, along with a silent auction. Come tour the garden, hear from the founders, enjoy a delicious breakfast, learn about the Garden Master Plan, and support this wonderful neighborhood jewel.
